Education Internship

Drafted January 31, 2019

OVERVIEW

The education internship at the Freedom Cafe gives students the opportunity to apply themselves in the area of educating and engaging our community about the injustices of human servitude.

GOALS

1. Create public and private educational events.
2. Design new ways to engage our community.
3. Partner with other organizations who are working to educate our community about human trafficking through education and events.
4. Develop skills through public speaking

Requirements

Time Commitment

We suggest at least 10 hours a week

Personality Skills

We require our education interns to be willing to speak in public settings, and work with those volunteers who are leading our educational development team.
